

LUXE CRAFT TOURS

Press kit — Rome, Italy — luxecrafttours.com

About the company

Luxe Craft Tours is the travel brand of GO Tours SRLS, a licensed tour operator based in Rome. The company designs and runs its own experiences with its own guides, hosts and drivers rather than reselling third-party tours: electric golf-cart tours of central Rome, guided tours and skip-the-line ticket experiences, day trips from Rome to other Italian cities, private and shared transfers, shore excursions for cruise passengers, and fully private or custom itineraries.

All bookings are handled on the company's own booking platform, with real-time capacity, transparent pricing in euros, deposits or full payment, and multilingual customer support from the Rome office.
